

FIFTEEN LOST IN WRECK

Norwegian Ship Ashore at Martin River

SIX KILLED IN TRAIN CRASH

Empty Passenger Cars Hit Work Train Near Pipestone, Montana—The Cars Took Fire Immediately.

Quebec, Nov. 18.—Fifteen of a crew of eighteen men lost their lives Thursday night when the Norwegian ship Antigua was driven ashore at Martin river. The Antigua was loading at Martin river, below Quebec.

The ship Antigua was loading lumber in the St. Lawrence river, for Rio Janeiro. She was built at Greenock, Scotland, in 1889, and was launched under the British registry as the Teede. Later she was renamed Cathart, and when purchased by J. Johnson & Co., of Christiania, was registered in that city as the Antigua. She was of 1445 tons gross and 1,247 net. The Antigua arrived at Cape Chate in the St. Lawrence Sept. 18 to load lumber, and was evidently caught off a rocky station of the river during a heavy gale. She was commanded by Captain Pedersen, who with all his men were Norwegians.

SIX KILLED IN TRAIN CRASH.

Empty Passenger Cars Hit Work Train Near Pipestone, Mont.

Butte, Mont., Nov. 18.—An empty passenger train returning to Livingston struck a Northern Pacific work train Thursday night, three miles west of Pipestone, killing six men who were riding in the caboose of the freight train. The cars took fire immediately, and before the wrecking crew could be summoned four bodies were consumed.

STORM'S HEAVY TOLL.

Many Sailors Perish In Yesterday's Gale.

Boston, Nov. 18.—Nearly a score of seamen perished and a dozen or more sailing vessels met destruction or serious damage by high gales of bleak November during the past 48 hours. A thrilling disaster resulted in the loss of the Bath, Me., three masted schooner Charles H. Wolston, on Great Point Rip, Nantucket. Capt. McNulty and his crew of five men clung to the rigging six hours, and were finally rescued by the crew of the Coskata life saving station.

LOST AT SEA.

British Steamship Founders Off Scharhorn.

London, Nov. 18.—A dispatch to Lloyd's from Cuxhaven says the British steamship St. Bride, from Hamburg for Norfolk, has foundered off Scharhorn. A lifeboat belonging to the St. Bride, containing two bodies, was picked up at sea Thursday.

FOUR PERISH IN BLIZZARD.

Two Men and Two Young Girls Lose Way and Are Frozen.

Kamloops, B. C., Nov. 18.—Four persons were frozen to death in a blizzard near here yesterday. The victims are John Keefe, a ranchman, his two young nieces, and James Atkinson. They were overtaken by a storm while returning to the Keefe ranch from Kamloops and lost their way.

MELLEN BARES N. H. RAILROAD SECRETS

He Says That the Boston & Maine Railroad Will Not Be Burdened With Expensive Leases.

Manchester, N. H., Nov. 18.—Railroad conditions in New Hampshire are touched upon by President Charles S. Mellen of the Boston & Maine railroad in a communication to J. R. Tennant, representing a committee of the Suncook Valley railroad, the stockholders of which have failed to obtain a renewal of the present lease, which expires January 1, or sell the property under the terms offered.

In his communication President Mellen said in part: "The hardship to the individual stockholders of the Suncook Valley railroad has not been without consideration, and were it possible to concede better terms to them, with due regard to the stockholders of the Boston & Maine, whose interests are my particular charge, I should need no incentive.

"One of the charges that I have found most hard to meet is that many of the present difficulties in which the Boston & Maine finds itself are the results of improvident leases.

"The major portion of the mileage of the leased lines in New Hampshire is at the present time far from self-supporting and is fast coming to be so great a burden it may become a necessity to reduce the rentals paid, if not by negotiation with the owners, in last resort, through the medium of the courts and a receivership.

"Nothing but the support given the Boston & Maine in the present crisis in its affairs by the New Haven has thus far saved it from such a recourse.

The proposition laid before the Suncook Valley stockholders was that President Mellen was willing to recommend to the Boston & Maine directors to request the Concord & Montreal directors to offer to exchange Concord & Montreal class A stock for Suncook Valley stock on the basis of one of the former for three of the latter. The Concord & Montreal stock pays 7 per cent. under the Boston & Maine lease, thus making 2 1-3 per cent. for the Suncook stock.

The Suncook stockholders will meet again in this city on Nov. 24.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box, 25c.

CATARRH FOR TWELVE YEARS

Offensive, Nauseating, Weakening Disease.

Sufferer Feared It Would Cling to Him Through Life.

Cured by a Truly Wonderful Medicine.

PHILADELPHIA, Pa.—"I am very glad of this opportunity to recommend Hood's Sarsaparilla, as it is truly a wonderful medicine. It has entirely cured me of catarrh. I suffered from this disagreeable disease for more than a dozen years, and often felt that it would cling to me through life and hasten my death. I cannot tell how much I suffered, but any one who has catarrh knows how miserable it makes a person feel.

"I wasted a lot of money on what proved to be worthless remedies, and then happened to read an advertisement of Hood's Sarsaparilla. I concluded to try the medicine. I soon had confidence in it, because I could see that it was doing me good. I took six bottles, when I was entirely cured.

"I can and do recommend Hood's Sarsaparilla to all my friends, and especially for catarrh." James C. Shimmel, 1127 W. Thompson st. Hood's Sarsaparilla is the medicine that has given perfect satisfaction to the millions of intelligent and prudent men and women who are really the bone and sinew of the country, but who "could never afford to be sick" if always obliged to get physicians' prescriptions or to have medicines specially put up for them.

Hood's Sarsaparilla is an agreeable, easily obtainable and comparatively inexpensive remedy for diseases and ailments of the blood, stomach, liver and kidneys, and low or run-down conditions of the system. It effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than twenty different ingredients. There is no real substitute. Get Hood's Sarsaparilla today in usual liquid form or in chocolate tablets known as Sarsatabs.

DEMANDS CHANGE IN ANTI-TRUST LAW

Senator Cummins Declares Tobacco Trust Incident Shouldn't Be Repeated.

Washington, Nov. 18.—Change in the Sherman anti-trust law to prohibit a reorganization as that sanctioned in the American Tobacco company case and to prevent such delays in prosecution as have occurred in the beef trust hearing, were declared necessary by Senator Cummins yesterday at the hearings before the interstate commerce committee of the Senate.

Questioning H. B. Martin of the anti-trust league who opposed any amendment to the Sherman law, Senator Cummins referred to the decree in the tobacco case authorizing the reorganization of four companies, and called attention to the announced purpose of the defendant to just not to interfere with the reorganization.

"I do not believe the organization of four companies will restore competition but in the minds of the authorities, it is apparently in harmony with the anti-trust law," said Cummins. "In my opinion the anti-trust law will not maintain competition and it ought to be amended and strengthened."

Senator Cummins referred to a possible limitation of the capital stock of corporations, a divorcing of manufacturing business and transportation elements as changes in the law that would lead to better competition.

Mr. Martin said that the anti-trust league of which he is secretary, proposes to fight the dissolution decree in the American Tobacco company case on the ground that it does not apply to the anti-trust law. He declared that succeeding officials of the government in the last twenty-one years had failed to enforce the law properly.

"Do you claim they betrayed their trust?" asked Senator Cummins.

"That is strong language," said Mr. Martin, "but in some cases I believe they did."

"JACK" FROST DIES.

Led Famous Attempt to Escape from Andersonville.

Quincy, Ill., Nov. 18.—John ("Jack") Frost, a Civil war veteran, 82 years old, is dead here, having been stricken with apoplexy Thursday while walking the street.

Frost led the famous attempt to escape from the Andersonville prison during the Civil war.

Warwick's Epidemic.

Warwick, R. I., Nov. 18.—For the first time since the outbreak of smallpox in the Pawtucket valley, there was a decrease in the number of new cases reported yesterday. Six new sufferers were found in Warwick and none in Coventry, making the total up to date 127. More than 4,000 vaccine points have been used by the physicians since the beginning of the outbreak.

CURES CATARRH

Antiseptic, Healing, Mentholatum Quickly Kills Catarrh Germs.

Catarrh troubles can be cured only by an antiseptic treatment that kills both the catarrhal germs and soothes and heals the irritated mucous membrane. Apply a little Mentholatum to the nasal passages at night and while you sleep the treatment does its healing work and at the same time kills the catarrh germs. Its action is almost immediate; the first night's treatment gives you great relief.

You can buy a 25-cent jar of Mentholatum from any druggist with guarantee of money back if it does not do all that is claimed for it. This is the most economical treatment for catarrh that has ever known, as one package will last two weeks or more. Every home should have a jar of Mentholatum, as it is invaluable for all cases of inflammation, soreness, etc.

FIVE SWORN JURORS NOW

The Standing in the McNamara Trial

SEVEN TALESMEN REMOVED

Five Peremptory Challenges Left to the State—The Defense in the Dynamiting Case Still Has Eleven.

Los Angeles, Nov. 18.—Two more jurors, making five in all, were sworn in in the McNamara trial yesterday. They are J. B. Sexton, a retired farmer, and William J. Andre, a non-union carpenter. The state excused talesmen Arthur Gribbling, William Brunner and Clark McLain. The defense excused Brewster G. Kenyon, A. C. Heath, T. H. Elliott and Jacob Lansing. The defense now has eleven and the state five peremptory challenges left.

The jury box was filled with jurors and accepted talesmen for the second time late Thursday. Jacob Lansing, an orchardist, is the twelfth man accepted. His fellows in the box are:

Robert Bain, carpenter; Byron, Lisk, mill owner; P. D. Greene, orchardist—all sworn jurors; Brewster G. Kenyon, capitalist; Clark McLain, banker; J. B. Sexton, retired farmer; A. Gribbling, retired walnut grower; Willet Brunner, railroad engineer; C. A. Heath, farmer; William J. Andre, carpenter; T. H. Elliott, gardener.

Lansing stands a good chance, it is said, of being the first man excused by the defense. He is reported to have said that James H. McNamara was guilty and ought to be hanged. Lansing denied this, but Attorney Leconte Davis sought to obtain an admission that his opinions ran along this line. William J. Andre was a union man in the Pennsylvania oil fields, but is not now. He is counted upon as likely to meet with one of the challenges allotted to the defense. So is T. H. Elliott. Expectations were that the state would excuse A. Gribbling, against whom District Attorney Fredericks offered a challenge on the ground that he would not be willing to convict on circumstantial evidence where the death penalty was involved. Brunner may be challenged. He belongs to the Brotherhood of Locomotive Engineers.

Does Not Fear Loss of Burns as Witness

The announced intention of Prosecutor Frank P. Baker of Indianapolis, to try Detective William J. Burns, on a charge of kidnapping John B. McNamara before the present trial of his brother, James B. McNamara, was concluded, has given rise to discussion as to whether Burns would be detained in Indianapolis while he was needed here as an important witness against the McNamaras. "Burns will be here whenever we need him," declared District Attorney Fredericks, when this possibility was suggested to him. "I don't think the Indiana proceeding will in any way interfere."

AGAINST BURNS APPROPRIATION.

Gompers Would Have McNamara Defense Fund Raised by Subscription.

Atlanta, Ga., Nov. 18.—That President Gompers of the American Federation of Labor is opposed to the federation appropriating \$50,000 for the McNamara defense was indicated at the convention of the organization Thursday. It is understood Mr. Gompers favors adding the brothers charged with the Los Angeles Times building disaster, but thinks money to be used to that end should be raised by private subscription. President Gompers discussed the McNamara case in the annual report on which a committee now is working. An anticipation that the California delegation to the convention of the American Federation of Labor will make further attempts to obtain recognition for a resolution appropriating \$50,000 for the defense of the McNamara brothers, held the interest of delegates yesterday.

Another matter of interest pending is the probability of Mr. Gompers and fourteen other labor leaders now members of the National Civic federation being asked to sever their connection with that body.

1,000 FROM HANOVER.

Go to Cambridge to Witness Football Game.

Hanover, Nov. 18.—Eleven hundred strong, the student body of Dartmouth college left this morning for Cambridge town yesterday afternoon, headed toward Boston and the stadium in Cambridge, where to-day the wearers of the green meet Harvard in their final football game of the season.

It was the usual enthusiastic scene that the town folk witnessed as the men started on their ride to the railroad station shortly before one o'clock, to board two special trains.

All felt that Dartmouth would win. The team proceeded towards Boston a few hours before the student body.

ONE ROUND ROGAN WINS.

Outpoints Knockout Brown in Ten Round Bout at New York.

New York, Nov. 18.—One round Hogan easily defeated Knockout Brown in ten rounds last night, having the better of seven rounds.

ARRESTED AT HANCOCK, N. H.

Death of Dr. A. A. Ames Recalls Interesting Case.

Concord, N. H., Nov. 18.—Dr. A. A. Ames, who died yesterday in Minneapolis, fled to New England after an indictment for alleged graft in 1902 and was arrested at the home of a relative in Hancock, this state, in February, 1903.

He was given a hearing at Hancock and shortly afterwards appeared at Manchester, where arguments were made against his being extradited on the ground that his health was impaired and that he could not stand the journey to Minneapolis.

After nearly a month had been taken up in this way, extradition papers were signed by the governor and Doctor Ames left on March 14, in custody of a Minneapolis officer.

WEBSTER'S NEW STANDARD (ILLUSTRATED) DICTIONARY COUPON

NOVEMBER 18, 1911
SIX COUPONS OF CONSECUTIVE DATES
CONSTITUTE A SET

Cut out the above coupon, with five others of consecutive dates, and present them at this office, with the expense bonus amount herein set opposite any style of Dictionary selected (which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSE items), and receive your choice of these three books.

ANGRY WITH SHUSTER. One Russian Paper Calls Him an American Adventurer.

St. Petersburg, Nov. 18.—The inspired press has begun a bitter campaign against W. Morgan Shuster, the American who is supervising the finances of the Persian government. He is accused of overriding the authority of the government at Teheran and of intriguing against Russia.

The semi-official Novoe Vremya possibly forebodes the intention of the Russian government when it says that Russia, after her troops have entered Persia, must not be satisfied with an apology to the Russian vice-consul at Teheran, M. Petroff, but must demand the expulsion from Persia of Mr. Shuster.

It was officially announced Thursday that as the Persian government had made no reply to the Russian ultimatum of November 11 troops had been dispatched to Persia and for the present would be concentrated at Kasbin, 100 miles northwest of the capital.

The Novoe Vremya declared yesterday that the expedition is directed principally against the American adventurer Shuster.

HELD IN \$2000 IN BALLOT CASE

Augustus Seaver Indicted for Falsely Making Nomination Papers for Governor.

Boston, Nov. 18.—Augustus Seaver of this city who filed nomination papers as "Labor" candidate for governor at the last state election was arrested yesterday on a secret indictment returned by the Suffolk county grand jury charging violation of the election laws. It is alleged that some of the signatures of Mr. Seaver's nomination papers were forged.

"IT MIGHT HAVE BEEN WORSE."

Richard Croker's Comment on Election Results in New York City.

New York, Nov. 17.—Richard Croker, one time leader of Tammany hall, came back from Ireland yesterday for his usual winter visit. He said he was going to Lexington, Ky., and from there to Palm Beach, Fla. The former Tammany chieftain was reticent when questioned on politics. When informed that the Tammany plurality in the recent election was less than 5,000 he smiled and said:

"Well it might have been worse." Mr. Croker said that he may take several horses back with him from Kentucky and that he had an entry for the next English Derby in which he had great expectations. He would not name the horse.

MURDER EXPRESS MESSENGER.

Robbers Loot Safe in Car on Delaware, Lackawanna & Western Road.

Seranton, Pa., Nov. 18.—Robbers entering an express car on the Delaware, Lackawanna & Western railroad between Taylor and this city last night murdered the express messenger, Irving G. Barker, and looted the safe, securing about \$2,000. They then escaped.

Barker was seen at work in the car when the train stopped at Taylor. On arrival in this city four minutes later he lay dead in a pool of blood with a bullet in the base of his skull and his head battered in.

BOY LOSES FOOT.

Burlington Lad Falls Between Freight Cars and Foot Is Crushed.

Burlington, Nov. 18.—Albert Charette, five-year-old son of Mr. and Mrs. Charette of Lakeside, fell between two freight cars at the Lakeside underpass yesterday afternoon and one foot was so severely crushed as to make amputation necessary. The boy was trying to get across between the cars. Albert Bedor saw the accident and went to the little fellow's assistance.

Can't Cure Catarrh

Stomach Dosing, Sprays and Douches Have All Failed.

There is only one way to cure catarrh. Reach the raw, tender, inflamed membrane that is infested with catarrh germs, and destroy the germs. You can't reach the nooks and crevices with liquid preparations—there is only one way—breathe the antiseptic germ-killing air of HYOMEI (pronounce it High-o-mey) directly over the infested parts.

HYOMEI contains no opium, cocaine or other harmful drugs, it is made of Australian eucalyptus, thymol and other bactericides. It is guaranteed to end the misery of catarrh, asthma, croup and bronchitis, or money back.

Ask the Red Cross Pharmacy about the Hyomei outfit to-day. They sell it for only \$1.00 and guarantee it.

LABOR UNION NOTES OF WIDE INTEREST

State-wide Organizing Campaign Has Been Started in Vermont Under Auspices of Vermont Branch, American Federation of Labor.

There are about a million and eleven excuses offered by trades union members who are caught with non-union goods on them, or in the act of purchasing same; but they can't offer one sensible, logical, acceptable, honest reason for their criminal neglect or indifference. If a union is good enough to become a member of, if its platform and principles are acceptable, then the member that wilfully patronizes non-union products aids the opponents of labor and should be classed as an enemy of union labor.

A state-wide organizing campaign was started in Rutland last week. General Organizer J. D. Pierce of the American Federation of Labor is to devote three months to the organizing of the following cities and towns: Rutland, Burlington, Montpelier, Brattleboro, Bellows Falls, St. Albans and St. Johnsbury. The work is under the auspices of the Vermont state branch of the A. F. of L.

The wood workers of Burlington are rapidly organizing, over sixty having joined the union in the past two weeks.

A Retail Clerks' union was recently organized in Bethel.

It is reported that the coal strike, which has been in effect in Alberta and British Columbia for the past eighteen months, has been settled, the men having gained a 10 per cent. increase.

A strike of 200 machinists has taken place in Toledo over wages and apprentices. The machinists contend that apprentices should be permitted, during their apprenticeship, to take part in the various grades of employment, so that they may turn out skillful craftsmen at the end of their apprenticeship. The outlook for victory is bright.

The Reichstag in Germany has read for the first time and sent to a special committee the new bill providing for the compulsory insurance of employees. The contributions of the employers and employees will be equal.

The women's nine-hour law has been declared constitutional by Judge Dillon of Columbus, Ohio.

The attorney-general of Ohio, at the request of Ohio manufacturers, has decided to start a friendly suit to test the constitutionality of the new compensation law. It is stated that the manufacturers desire to know positively whether the law will be upheld by the courts before they contribute to the state fund provided under the law.

There is only one union collar and cuff factory in the United States, the Ide brothers of Albany, N. Y. They employ about 75 workmen and have had recently to shut down for lack of orders. Mr. Union Man, is this not squarely up to you to demand the label? The Ide brand collars are for sale in this city.

During the progress of the garment workers' strike in Cleveland, O., a gang of strikebreakers were employed to make believe that they were at work as garment workers, in order, of course, to discourage the strikers. Later on the same gang was sent to El Paso, Texas, and employed as machinists and boiler-makers. This is the usual routine of the life of a strikebreaker and is a phase of the strike which is extremely ludicrous.

Detective Richard Crispin of Regina, Sask., connected with the Thiel detective agency, has just been sentenced to seven years in the penitentiary for fabrication of evidence and perjury.

Compulsory arbitration in New Zealand is rapidly becoming unpopular and practically all of the labor unions have lost confidence in the arbitration court, while some of the most important unions have canceled their registration under the act.

The New York City school teachers' equal pay bill has been signed by Governor Dix. This bill was enacted, backed by the labor organizations, and provides in the schedules of salaries hereafter adopted there shall exist no discrimination by reason of sex.

Organized labor in Cleveland, O., has won its contention to obtain for all citizens the use of public school buildings. The only class of meetings barred are direct appeals for votes and sectarian

religious meetings, and all meetings must be concluded by 10 p. m.

The increase in the membership of the American Federation of Labor during the fiscal year 1911, with the addition of 51,300 members, which came with the affiliation of the Western Federation of Labor, forced the average pickup and reported membership up to 1,768,735. This is an increase of 194,633 over the membership of 1910. The federation has the largest membership in its history, is physically stronger, its effectiveness greater and its prospects brighter than ever.

Alex. Tronside, correspondent.

GRANITEVILLE.

Four nice building lots for sale, right on Main street in Graniteville. Inquire of A. A. Smith, Barre.

The Handy Heater PERFECTION SMOKELESS OIL HEATER

You often need some heat in early Fall, when you have not yet started the furnace.

In whatever part of the house you want it, you can get it best and quickest with a Perfection Smokeless Oil Heater. The Perfection is the most reliable heater on the market, and you can move it wherever you please.

Start it in bedroom or bathroom, and you dress in comfort on the coldest morning. Take it to the dining-room, and early breakfast becomes a pleasant, cozy meal. A touch of a match at dusk, and all is snug for the evening. The Perfection Smokeless Oil Heater is beautifully finished—an ornament anywhere. Drums of plain steel or enameled in blue or nickel trimmings. A special automatic device makes smoking impossible. Burner body cannot become wedged. All parts easily cleaned. Dampers too. Cool handle.

Dealers everywhere, or write for descriptive circular to any agency of the Standard Oil Company (Incorporated)
